Card Results

How to read these cards

Each card is one account found on one site. Its heading names the account and the site it was found on, and the grey labels inside say what you are looking at:

CONTACTS	Ways to reach the account holder that the site gives away — emails, phone numbers and handles. A value marked masked is one the site only shows in part.
DETAILS	What the site shows about the account — names, usernames, IDs and counts.
FLAGS	Yes or no answers about the account, like whether it is verified or private. Green means yes, red means no.
EVENTS	When something happened on the account, such as when it was created or last used.
LINKS	Where to see this for yourself — the blue text opens the page.
